

Administrativa - Foundations of Artificial Intelligence

- prof. Enrico Franconi (Lectures & Labs)
- Lectures & Labs – regular slots:
 - ▶ Tuesday 8:00-10:00 / Friday 8:00-12:00
- Labs will be start later, after a first period of lectures
- Note: not always a lab slot in the timetable will host a lab...
- Students can meet me anytime via previous arrangement, and in any case I'm always available for the period after any lecture.

- Main book:
 - ▶ David Poole and Alan Mackworth,
Artificial Intelligence: Foundations of Computational Agents,
3rd edition, 2023. Cambridge University Press.
The book is fully available online at <https://artint.info/>
- Additional reference:
 - ▶ Stuart Jonathan Russell and Peter Norvig,
Artificial Intelligence: A Modern Approach,
4th edition, 2020. Prentice Hall
- Course web page:
 - ▶ OLE links directly to:
 - ▶ <https://www.inf.unibz.it/franconispace/>

- Final Written Exam (100%) with verification questions, transfer of knowledge questions, and exercises; the written exam will be based on example problem solving activities requiring a deep understanding of the basic principles of the technologies studied during the course.
- The written exam is evaluated based on correctness of answers, clarity of answers, ability to summarize, evaluate, and establish relationships between topics, skills in critical thinking, ability to summarize in own words.
